

REMEMBRANCE SPACE DESIGN TEMPLATE

Use your ideas to create a Remembrance space. Imagine you have good sized space to add flowers, plants, trees, paths and any other feature you want to create. Use your creativity to show how you feel about

Remembrance and help other people think how they feel about it too. Use the grid below or the plain page to draw your design.

Here are some questions to think about:

- What plants, flowers and trees will you have?
- What shapes will you use?
- What colours will you have?
- What sounds will you create?
- Will you use objects or artwork in your garden?
- Will you have a grass space for people to sit on?
- Will you have a gate?
- Will you have a fence or hedge around the garden?
- Will you have a seat or bench? Where will it be and why?
